Activity by Agency

Wakarusa - April 22

Description: This report provides an overview of how many times the 911 call center has been contacted within the Venue selected. This has nothing to do with the primary, but simply shows activity within the area. For instance, an assault may have two KCSO units responding, one KIDS unit, and a WNUDPS unit. This would generate one call tally for each agency. Likewise, a single unit traffic stop by WSP would generate a single tally for MSP. This report includes all 911 calls, including those that result in disciplinary actions. Note: ATIS, BDU, and other administrative events are excluded.
