Activity by Agency

Wakeshma July 2022

Description: This report provides an overview of how many times each agency was called for service during the reporting period. This tool is designed to help you identify areas where you may have a high volume of calls, but simply shows activity within the area. For instance, an assault may have two KCSO units responding, one KOPS unit, and a WADUPS unit. This would generate one call tally for each agency. Likewise, a single unit traffic stop by MSP would generate a single tally for MSP. This report includes all (Law Enforcement, EMS, and Fire) dispatches. Note: ATLS, BCLS, and other administrative events are excluded.
